

# Everyday Math Warm-Ups for 4th Grade

by [SpiritedTeaching.com](http://SpiritedTeaching.com)

## **Daily Math Warmups Instructions:**

Each Day you will be given your choice of two problems. You may choose whichever problem you want. Use the number values and word values to form a paragraph with 2 or more complete sentences. Your written paragraph will include some of the math that you have learned in your 4<sup>th</sup> grade math class this year. Your answer should be written with proper spelling and grammar and must include accurate math calculations.

## **Challenge Problems**

Wednesday and Thursday include a challenge problem. You are required to do at least one of the challenge problems on either Wednesday or Thursday.

### **Example 1**

**VALUES:** \$72.25, \$36.55, \$\_\_\_\_\_,

**WORDS:** .Paul, Maria, raised, Brentwood School, money, total

*Paul raised \$72.25 for the Brentwood School Teacher's Association. Maria raised an additional \$36.55. The total money they raised was \$108.80*

### **Example 2**

**VALUES:** \$10.01, \$12.00, \$22.00

**WORDS:** James, Edward, barely, pizza, basketball team, enough.

*James and Edward were in charge of buying pizza for their basketball team. The cost of the pizza was \$22.00. James had \$10.01 and Edward had \$12.00. They barely had enough money to buy the pizza.*
